Our mouth-watering Hibiscus & Berry tea blends a combination of European grown hibiscus, grapes, elderberries, blackcurrants and blueberries. This tea is also naturally free from caffeine.

### Brew Guide & Serving Suggestions:

For best results we recommend adding 4g of this tea to 250ml of water, that's 100°C. We would then suggest leaving your tea to infuse for 4 minutes. If you're looking to serve larger amounts, increase your recipe to fit your teapot or serving size. We advise 1-2g of tea per 100ml water.

Our Hibiscus & Berry can be enjoyed on its own or brewed over ice and topped with lemonade and a handful of blueberries and raspberries to make for a refreshing summer drink. When brewing over ice, adjust your recipe to allow for dilution.
