

Pure Chamomile

Info sheet

clifton
tea co.

Origin: Kosovo

Notes: Mellow / Honey / Floral

Brew Guide:

Dose: 2.5g

Water Temp: 100°C

Time: 4mins

Our short stem, premium whole chamomile tea is sourced from the plains of Croatia and Kosovo, two origins renowned for growing fantastic, high-grade Chamomile. Once picked, the crop makes a short detour to Germany, where it's laser-sorted before it heads to us (and then to you to enjoy). This tranquil, easy-drinking tea delivers light floral notes that will leave you with the warm fuzzy feelings of Spring.

Brew Guide & Serving Suggestions:

For best results we recommend adding 2.5g of this tea to 250ml of water, that's 100°C. We would then suggest leaving your tea to infuse for 4 minutes. If you're looking to serve larger amounts, increase your recipe to fit your teapot or serving size. We advise 1-2g of tea per 100ml water.

Chamomile can be enjoyed on its own, or with 1-2 tea spoons of runny honey for an extra layer of sweet indulgence. This tea can also be brewed cold or over ice to make a delicious summer drink. If brewing over ice, adjust your recipe to allow for dilution.
