Brew Guide:

Dose: 4g

Water Temp: 100°C

Time: 4mins

Harvested from the Cederberg Mountains in South Africa, our high-quality Rooibos (Red-Bush) has been re-imagined to include dried strawberries and pink peppercorns, giving this iconic blend a signature twist. This naturally caffeine-free tea is bursting with wild and fruitful flavours that are as delightful to taste as they are to smell.

### Brew Guide & Serving Suggestions:

For best results we recommend adding 4g of this tea to 250ml of water, that's 100°C. We would then suggest leaving your tea to infuse for 4 minutes. If you're looking to serve larger amounts, increase your recipe to fit your teapot or serving size. We advise 1-2g of tea per 100ml water.

Our Rooibos can be enjoyed on its own or brewed over ice and topped with ginger beer and a couple of tablespoons of honey to make for a refreshing and sweet summer drink. When brewing over ice, adjust your recipe to allow for dilution.
